Preschool Closing

A bittersweet week in terms of our preschool. This was the last week for the preschool, it is with mixed emotions that it is closed. I think the preschool staff is still confident that the right decision was made regarding the preschool closing its doors. Many of the supplies and fixtures in the preschool room were purchased with grant money. These items will be given to other preschool programs that have benefitted from the same grant money. If there are other items, we will use them for our faith formation program. If you see Joyce Abel, Donna Copeland or Rachel Leonard be sure to tell them thanks for their work with the children of the parish and community. For thirteen years, St. Michael has provided a quality preschool program that influenced the lives of many children and their families. Job well done, thank you for the support.

Hack Hack Hack

I have been hearing from many parishioners that they have been receiving text messages claiming to be from me. The texts ask for a response and then ultimately financial support or the purchase of gift cards or other such items. Again, please do not believe such requests. This is part of a larger scam that is making its way across the country. It is not just the Catholic Churches and not just in Wichita, but it is country wide and encompasses all churches and faith communities. Those trying to perpetrate the scam will get phone numbers and names from websites for different parishes or churches. They will use the pastor's name because people tend to trust the pastor of their church. They will attempt to get money in any way that they can so beware. I am sorry that you must deal with the scams, but I guess it is a sign of the electronic age. Those that are familiar with such scams say there is little to be done about the problem. The scammers can set up the scam and take it down before anyone can find out who or where they are. Please be vigilant and know that neither I nor anyone connected with St. Michael's Parish would ever ask for money or donations in this way.

Spring Cleaning

We are making a concerted effort to clean up some things around our parish facilities. Several have volunteered to help with these various projects. There are a few areas around the parish facility that are used for storage. The church basement and the outside storage shed to name a couple. It has been years that some of these items have been used. If they are not going to be used, it is silly to have them take up space and collect dust. To help with this project, I would like to enlist your aid. If you lead or participate in an organization or ministry in the parish and you have items stored around the parish facilities, will you either call us at the office and let us know, or make sure those items that are stored are marked with the name of your ministry or organization. This will help us know what is and what isn't being used. If you could please mark the items or let us know by June 7 it would be a great help.

Have you heard about...?

It is very easy to fall into the trap of gossiping about others. There is a fine line between passing on needed information and passing on gossip. Many times, we can judge whether information that we tell others is information that we need to pass on for the benefit of another or because it is something that is the benefit of our own ego. For example: It is good of us to ask others for prayers for an individual because they are ill or because they are having a difficult time, but then adding on our own speculations on why they are having difficulties or why they are sick, or who they did this or that to, is crossing the line. Let us not let our tongue undo the good that we can be doing and learn to check any gossip that may bring harm to others or begin rumors that are not true and could possibly harm someone's reputation. Thanks! ~Fr. John Hotze~
